No. 7, South Main St., opposite Winfree

NATIONAL EDITORIAL ASSOCIATION'S TRIP TO THE SUNNY SOUTH.

The Journey Through the States Along the Frisco Line—A Jolly Party of 350 Scallies to Reach Galveston. Too Monday Night.

Tuskahoma, Indian Territory, Feb. 14, 6 p. m.—For the first time since I left home yesterday morning, I will undertake to "take my pen in hand" to give some sort of an account of my trip so far.

Leaving Hopkinsville for St. Louis, that city was reached at 6:30 p. m. and after a meal at the Terminal Hotel, the delegation from Kentucky became part and parcel of the National Editorial Association, which had been gathering from all over the United States for two or three days. When the Kentucky noses were counted there were found to be present the following representatives: Col. Geo. S. Rosser, Mayville; Mr. S. T. Breeding, Bowling Green; Col. Jno. J. Craddock, Paris, and Mr. and Mrs. Chas. M. Meacham, of Hopkinsville.

At 9 p. m. the association, 350 strong, departed for Galveston, Tex., in ten sleepers. The Kentucky delegation is located in the Malacca, one of the best of Mr. Pullman's buffet cars, with a very pleasant party made up from Minnesota, Missouri, Kentucky and one couple from Indiana and one from Colorado. There are 28 people in our party, 20 of them gentlemen, and 8 ladies. The run through Missouri, Arkansas and into the Territory has been a very pleasant one. The little town of St. Louis has been desired. It is now raining, but no shower gives promise of being brief and has removed all danger of dust to Galveston. The trip from St. Louis to Galveston is being made over two lines, the Frisco line 684 miles to Paris, Tex., and the Gulf, Colorado & Santa Fe 467 miles to Galveston. The total run is 1151 miles through portions of four states, which added to the run from Hopkinsville to St. Louis, makes more than 1400 miles from start to stopping place.

Rosenberg, Tex., Feb. 15, 1 p. m.—I have been able to make but very little progress on the paper today, yesterday, and here I am to-day trying to finish it up. We are due to arrive in Galveston to supper and every body is looking on with pleasure to the end of what is getting to be a rather tiresome journey. There have been no very noteworthy incidents on the trip so far. We have traversed some of the best farming sections of the West.

While agriculture will always be the leading industry of Southwest Missouri, her mines and minerals are designed to play an important part in her material advancement. The famous lead and zinc mines in the Grand, Aurora and Joplin districts have in a few years made the counties of Newton, Lawrence and Jasper, on the California route of the St. Louis & San Francisco Railroad, increase in population. These counties produce more than one half the lead mined in the State; and for several years past more than one-half the zinc production of the United States has been from Missouri mines. These mines are surrounded by a rich agricultural region, and the one industry has materially assisted in the development of the other. New mines have been opened up by McDonald, Barry, Christian and Stone counties. The only stop made in Missouri was at Monett, where breakfast was taken Sunday morning.

When the editors sat down to breakfast a buzz of exclamations told a volume for Mr. Fred Harvey's skill as a caterer. This gentleman has made the eating houses along the route haunts his name as a household word. So it will be soon along the Frisco route which has 1,400 miles in Missouri, Arkansas, Kansas, Indian Territory and Texas counties at the conduct the eating houses at the great Union Station at St. Louis, at Monett, Mo., Fort Smith, Ark., Paris, Tex., and for the Frisco's Texas connection, the Gulf, Colorado & Santa Fe R'y, at Dallas, Cleburne and Temple.

The editors of our party will not forget Mr. Harvey. He is a dead game prince—yours will just excuse the vigorous language. Such breakfasts, dinners and suppers in just such continuous and well sustained high-class and high living style, we never, on any of our excursions, sat down to. Of course, Harvey has a big thing to attend to be with us on the route. He was with us in the flesh of quail, venison, tenderloin beef steak, rare and well done, chicken, wild duck and fat goose—too much to tell about. But his managers were with us at each eating point. They were there to keep the crowd from hurrying, and to see that there was no food left to be filled when the feast was ended. White linen, clean rooms, fresh flowers, white dishes, shining silver, pretty swift-going waiter girls—oh, all the joyous elements of good cheer, until you were ready to nominate Harvey for anything he wanted. This is no joke. Owen Meredith told the truth. And an editor's bread-basket is a little more susceptible than the average man's. When we learned that there was no Harvey on any of the other routes to Texas from St. Louis, we sang the doxology in thanks that we "got on to" Harvey's route.

We passed by Fayetteville, Van Buren and Fort Smith, Ark., all important places. At the latter point we stopped an hour and "took in" the town, which claims about 16,000 people. There was a brass band, some speech-making and then a round of sight-seeing.

Some of the party went to the jail and took a look at the gallows upon which the condemned were hanged. In the jail there are now about 40 offenders, some waiting to be executed and some to be tried.

From Ft. Smith we passed through some fine fruit lands. The very best grain and fruit lands at from \$2.00 to \$5.00 per acre, on four years' time with equal annual payments at seven per cent interest, not less than \$30.00 as a first payment on time sales, but with the option of paying the whole amount due, with interest to the date of such payment, is what the St. Louis & San Francisco railroad holds out to purchasers of its along its line. This inducing policy is what is making this country blossom as the rose, and building up a great dependent homes. This policy is one of the great subjects of interest brought to the attention of the thinking editors of our party. It underlies the success of the great West. Truly we get broader and broader views.

Arkansas fruit, and especially Benton county apples, have taken first premiums at all the great expositions, including those at St. Louis. The prize apples were seedlings, showing that it is the adaptability of the soil and the favorable climate that produce these fruits. W. W. Kimmons, of Rogers, Benton county, states that he cleared 100 per acre on his ten-year-old apple orchard for the year 1896. Fruit is everywhere very cheap at these towns and everybody here enjoys the apples especially. After passing through the Indian Territory from the Arkansas River across the Red river, we made the first stop in Texas at Paris, a progressive city of 7,000 inhabitants, with electric lights, street cars, water works and other modern improvements. This is the town that gained some rather unpleasant notoriety a year or two ago by burning a negro alive with the public square.

Paris was the home of the late Ex-U. S. Senator, Sam Bell Maxey. His homestead is maintained by his heirs, and his large and rare library is the pride of a typical Texas city. Paris is the end of the Frisco Road. Here is where the Gulf, Colorado & Santa Fe R'y begins. The two lines compose the Frisco-Santa Fe Route from St. Louis to Fort Worth, Dallas, Galveston and San Antonio, and the latter point make connection through the City of Mexico. The Gulf, Colorado & Santa Fe R'y penetrates the heart of the State. Cotton and wheat make a great part of its freight from the country between Paris and Houston; and from there to Galveston the fruit lands, so much talked of everywhere, furnish much of the freight traffic.

Texas from the windows of our train is enough evidence to prove that the State is not in some sections of the country properly understood. The high, rolling country presents a scene of cultivation and prosperity not expected by many of us. The fact that Texas produces one-fourth the cotton grown in the United States was now more easily understood. It was also noted that the Santa Fe's train service, track and general appointments were a continuation of what we found on its northern connection.

The Santa Fe furnishes a most impressive idea of the prairies, timber lands, stock ranges and cotton and wheat fields of the State.

Temple, Tex., Feb. 15, 2 p. m.—At this place we made a short stop and met the reception committee of the Texas Press Association. As soon as the train started, a delightful lunch was served to the entire party, being distributed through the cars by a corps of skillful waiters. Ham sandwiches, salad sandwiches, pickle, cheese, cake, fruit, coffee, beer and punch for those waiting it and cigars made up the menu. This has proved to be one of the most enjoyable features of the trip, the lavish hospitality of the Texas people making a lasting impression on the visitors.

Mr. Olive B. Lee, of Dallas, National Committeeman for one of the Texas Press Associations, also joined the party this morning and presented each of the ladies with a souvenir box of delicious candy.

The balance of the trip will be made in a few hours and my next letter will be from Galveston. C. M. M.

W. W. Garr died Sunday at Paducah, of heart disease after a hour's illness.

CREAM OF NEWS.

IF IT IS NEW AND TRUE THIS COLUMN HAS IT.

Tax Supervisors Report—Constable Appointed—Deputy Sheriff Sworn In—New Deputy for Cerulean—Date of Election Fixed—Tallies for Taxes Fixed.

Bathery at Cadiz. Cadiz, Ky., Feb. 15.—Mr. Perry Cunningham's house was robbed of about \$75 last Saturday, while the family were away from home.

Honors Successor Appointed. Mr. Gordon Hanbery has been appointed Constable in the Lafayette Magisterial district to succeed W. T. Brame, deceased.

New O. Deputy. Carpenters are busy at work on the new O. V. depot at Cerulean and will have the building ready for the reception of freight in a few days.

Shanks Will Close. All of the banks will be closed next Monday, it being Washington's birthday. Paper maturing on that date will have to be paid to-morrow.

Jail Delivery at Princeton. Jim Gentry, white, and Sam George, col, broke jail at Princeton Tuesday night by cutting a hole through the brick wall. A reward of \$100 has been offered for the capture of the fugitives.

Deputy Sheriff Sworn In. Mr. W. H. Ryan has been sworn in as a deputy sheriff. He has been acting as deputy assessor for some time, and did his work in a most satisfactory manner. Mr. Ryan will make an efficient officer under his present appointment.

Give \$10,000 Bond. Elkton, Ky., Feb. 17.—The examining trial of F. M. Taliaferro, for the killing of Will Day, was called before County Judge Bristol to-day. Bond was fixed at \$10,000, which Taliaferro gave at once. His bond in the aggregate is worth at least half a million dollars.

Plant Land Being Prepared. Many farmers are engaged in burning plant land, and as usual at this season of the year, there are numerous estimates as to the acreage of tobacco that will be put on. The best information is that an effort will be made to grow all the plants possible, and the chances are that with fair seasons for setting the usual crop will be planted.

To Hang March 30. Frankfort, Ky., Feb. 17.—Gov. Bradley has fixed Saturday, March 20, for the execution of both Jackson and Walling, the murderers of Pearl Bryan.

A great effort had been made to get the Governor to sign Walling's execution for a day later than Jackson's, on the plea that Jackson would confess and vindicate Walling. The Governor refused this would be a useful trouble and expense, and fixed the same day for both.

Tax Supervisors' Report. The Assessors' books, just completed, show the value of all property in Christian county to be \$3,168,700. This is a falling off of about \$100,000 from last year's valuation. The decrease is due to the fact that a number of South Christian farms listed at from \$40 to \$50 per acre were reduced from \$5 to \$10 per acre. The number of legal voters in the county is 7,652. There are 5287 children between the ages of six and twenty. Total number of pounds of tobacco grown in the county in '96, 7,412,350.

PERSONAL GOSPEL.

Capt. W. S. Goodwin, tobacco man at Hopkinsville, is in town in the interest of his firm—Mayfield Mirror.

Mrs. Dr. Ben Letcher has returned from a visit to friends in Nashville.

Miss Adele Kleemann, of Clarksville, is the guest of her sister, Mrs. H. M. Frankel.

Mrs. Dabney, of New York, is the guest of her sister Mrs. Dr. R. S. Carter.

Mr. Jas. Ware has gone to Kansas City, Mo., where he thinks of locating.

Superintendent R. M. Salmon, of the Crabtree Coal Mines, was in the city yesterday on business.

Mrs. Bettie L. Hammond, of Franklin, Ky., is visiting the family of W. L. Whitesides, on North Main.

Mr. Frank Bell has resigned his position as city editor of the Nashville Sun and is now connected with the Louisville Commercial.

A Rich Harvest.

It costs no more to grow good seeds than it does to sow old and worthless stock. How foolish is the person who fails to get the best to start with. No doubt you have often thought this, when your garden has not done very well.

Will you jog along in the same old way this year, or use a little forethought and send for James Vick's Seeds, Rochester, N. Y., for their Catalogue which contains a list of all that's new and good?

Their seedlings are always reliable—sure to grow and never disappoint. Send 10 cents for Catalogue and deduct this amount from first order. Really costs nothing.

Vick's Floral Guide 1927.

For nearly half a century this Catalogue of Flowers and Vegetable Seeds, Plants, Bulbs, Roses, Grasses, Fats, etc., has come as a regularity as spring time. Here it is again to remind us that it is time to think about our gardens. This issue contains half a dozen full page half tone illustrations of Roses, Azaleas, Gold Flowers, Carnations and Tomatoes.

It is a full of the necessary information for either amateur or professional. Send 15 cents to James Vick's Sons, Rochester, N. Y., for a packet of either Vick's Flower Seeds, New Japan Morning Glory or extra choice Pansy and a copy of Vick's Floral Guide. If you state where you saw this notice you will receive a package of flower seeds free.

Bill Axford killed Dave Meredith near Bowling Green, Ky.

Lands in Central Wisconsin.

Are now as desirable as any in the market. The lands particularly in the central and northern part of Wisconsin, are being rapidly taken up by actual settlers.

The most valuable are the timber and meadow lands now ranging in price from \$6.00 to \$12.00 per acre. A few months hence their value will be greatly increased.

For a home or for investment no luckier chance in the West has ever before been offered. Now is the time to invest. No better farming land exists anywhere. No greater results can be obtained anywhere.

Schools and churches abound everywhere. Nearly markets for all farm products. Wisconsin is one of the banner states of the West.

For further information address or call upon E. F. Powell, General Immigration Agent, 410 Old Colony Building, Chicago, Ill.

Alexander Harthill reviews the Louisville tobacco market.

The little daughter of Mr. Fred Webber, Holland, Mass., had a very bad cold and cough which he had not been able to cure with anything. I gave him a 25 cent bottle of Chamberlain's Cough Remedy, says W. P. Holden, merchant and postmaster at West Brimfield, and the next time saw him he said it worked like a charm. This remedy is intended especially for acute throat and lung disease such as colds, croup and whooping cough, and it is famous for its cures. There is no danger in giving it to children for it contains nothing injurious. For sale by R. C. Herwick, Druggist.

The average ear is from 2 to 3 1/2 inches in length.

Good Morning.

What a bad night. Worried, can't sleep, feel all tired out. Hard mental work takes away the digestive power and the liver becomes languid, or perhaps you have overstepped the bounds of moderation. Been eating or drinking to much? In order to promote refreshing sleep after business is over take a dose of Carter's German Liver Syrup. It stimulates the nerves by quietly stimulating the stomach, liver, kidneys and bowels to action. It purifies the brain. It will make you feel alright in the morning. For sale by all druggists. L. L. Elgin special agent Hopkinsville Ky.

Knitting needles are usually 9 inches in length.

Be Beautiful.

If your blood is bad, your face shows it. It is nature warning you that the condition of the blood needs attention before more serious disease sets in. Beauty is blood deep. When you see pimples and liver spots on your face, go at once and secure a bottle of Carter's German Liver Medicines. They will purify the blood, clear the complexion and bring the rosy blush of health to the faded face and take away the liver spots and pimples. For sale by all druggists. L. L. Elgin special agent Hopkinsville, Ky.

The ordinary human nose is 2 1/2 inches long.

The Most Fatal Disease.

It is not generally known that more adults die with Kidney trouble than any other disease. When the first symptoms of this disease appear, no time should be lost in taking Dr. Bell's Kidney Cure which is guaranteed or money refunded. For sale by C. K. Wyly, Druggist.

Money rates are harder in London because of the Cretan troubles.

Most druggists sell you what you ask for. Some will ask you to take something which they claim is "just as good." Sometimes it is the profit induces them to do this. Dr. Bell's Kidney Cure is the best cough, cold and grip cure. After you try it once you will like it too well to accept any substitute.

PLAYING A LAST GAME.

The Patent Farm Gate Man Played Against Time.

One winter's day a patent farm gate man arrived in Thomasville and almost the first man he ran across was Uncle Brill. He was the called him. Uncle Brill was the champion checker player of that country, and he had downed every man, stranger or citizen, who came along. There was something about this stranger which made Uncle Brill suspect that he was a good player. So he doffed his hat and said:

"I beg your pardon, but maybe you play a game of checkers now and then to pass away the time?"

"Maybe I do, when I find anybody who knows the noble game," replied the stranger.

"Didn't you ever hear of Uncle Brill, of this town?"

"No, I never did. Is he a jumper, or what?"

"His best hole is checkers, sir. He hasn't lost a game in the last 20 years."

"Maybe you might be the critter yourself," queried the stranger as he stepped to the board.

"Maybe I am. Yes, suh, that's my name, though I'm not generally alluded to as a 'critter.'"

"And you know how to play checkers?"

"I reckon I do."

"That's good. I've got a week off, and I'm glad to find somebody to amuse me. Come to the tavern after supper."

When Uncle Brill left home that evening he told his wife he might be gone two hours. The stranger was waiting for him, a lot of idlers had gathered and the game began at once. After two or three moves had been made, the stranger saw that he had an odd hand to deal with and began to hedge. There was no hurry about playing. The stranger lay back in his chair and told about the celebrated game he had played with celebrated people, and Uncle Brill followed suit, and when midnight came only four or five moves had been made. As the spectators all departed, the man said to Uncle Brill:

"Maybe your wife will be anxious about you, and maybe you want to go home and give this game to me?"

"Maybe I set down here to set for three days if necessary," replied the old man, and the game went on.

The pair were left alone in the parlor, and at daylight neither of them had a king. At ten o'clock in the forenoon the stranger got the first one. Neither had stopped for breakfast, but after every move the stranger would lie back and tell a story which consumed the hour. At noon Uncle Brill got a king, but night had come before each had a pair. The game went right on through the evening up to midnight, right on to another day, and both were as watchful and vigilant as ever. At noon word was brought to Uncle Brill that his cow had died, but he would not abandon the game. At night he got word that his old woman was very sick, but he still stuck at it. At midnight when they were left alone again, the stranger said:

"Old man, you'd better give it up and go home. I'll be agin your reputation, of course, but you'll have to make the best of it."

"I've set out to set here till I win this game or die!" was the reply, and the game went on.

An hour after daylight the first corner was made. Uncle Brill leaping over the checker board, with his hand on a king as if preparing for a move. The stranger was leaning back in his chair and telling a story of how he once played a game which lasted seven straight days. The visitors came and spoke to the old champion, but he made no answer. Then they laid a hand on his shoulder and queried that he was dead!

"Dead, eh?" queried the patent checker man. "Well, I've been wondering for the last hour why he didn't move his king, but there was no hurry about it—no hurry. I figured that it would take three days more to game the game, and I'd try to beat him, for sure!"—Philadelphia Press.

Glass Houses.

Glass houses of a very substantial kind can now be built. Silesian glass-makers are turning out glass bricks for all sorts of building purposes, claiming for them several advantages as variety of shape, free transmission of light, strength, cheapness and general adaptability. When complete diffusion of light is needed, as in greenhouses, conservatories, courtyards, etc., they are specially suitable.

In the Same Class.—"I'm a plain, blunt man, Margaret, and can frame no flowery speeches. Will you marry me?" "I'm a little on the plain, blunt order myself. No!"—Detroit Free Press.

The newest thing in house letter boxes is a box with an electrical attachment which will ring a bell in the kitchen when a letter is dropped in.

"TIS LOVE THAT MAKES THE WORLD GO ROUND."

Some people think money is a greater power than love. Oh! What a mistake! Money, boy kings are controlled by the little boy Cupid! See how the great soldiers and men of power are twisted around his little fingers.

A woman's most precious possession is the capacity for awakening pure and noble love. More potent than wit or intellect is the womanly capacity for happy wifehood and motherhood.

A woman who is weak or diseased in the special organ of her sex is deprived of the power and prestige which naturally belong to her. Such a woman is helplessly. Perfect health and strength of the feminine organism is insured by proper care. Such care is afforded by enlightened medical science. Dr. Pierce's Favorite Prescription cures all weaknesses and diseases of woman's special organism.

For nearly 30 years Dr. Pierce has been chief consulting physician to the Invalid Hotel and Surgical Institute, of Buffalo, N. Y. No other physician has had more extensive practice or greater success in the treatment of women's diseases. No other such perfect and scientific remedy for these ailments has ever been devised. It has restored health, strength and womanly power to tens of thousands of women.

Women would understand their own powers and possibilities should read Doctor Pierce's treatise, page illustrated book, "The People's Common Sense Medical Adviser." It is the most interesting and enlightening book of the kind ever published. A paper-bound copy will be sent absolutely free to any sending a one-cent stamp to the cost of mailing only. Address, World's Dispensary Medical Association, Buffalo, N. Y. For a handsome cloth-bound copy send 50 cents.

Strawberries are likely to be scarce in West Tennessee this year.

Everybody has a cold sometime. Your turn will come. Keep a bottle of Dr. Bell's Pine Tar Honey at hand and be prepared for an emergency. This most famous remedy will cure a cold before it gets fully started or stop it before it gets started. You'll like it the sooner you get it.

Six miners were killed in the Freeman mine, near Governor, N. Y.

Three Away His Case.

Mr. D. Wiley, ex postmaster, Black Creek, N. Y., was badly afflicted with rheumatism that he was only able to hobble around with crutches, and when it came his great pain. After using Chamberlain's Pain Balm he was so much improved that he threw away his crutches. He says this balm is a much more good than all other medicines and treatment put together. For sale at 50 cents a bottle by R. C. Herwick, Druggist.

The average eye is from 4 to 6 inches in length.

Good Tidings to Asthma Sufferers.

Foley's Honey and Tar gives quick and positive relief to all cases. For sale by C. K. Wyly, Druggist.

The American mole is about 6 inches in length.

Cured After Suffering 15 Years.

Mr. E. B. Hackett is a prominent dry goods merchant of Morganfield, Ky., who suffered for years with constipation and indigestion and was prevailed on by a traveling man to use Carter's German Liver Power saying it had cured him of his trouble. He gave it a trial and he began to feel better after the first dose. After using it, Mr. Hackett who was troubled with piles, was surprised to find himself cured of this most dreaded of all afflictions. He is now a well man and does not have to use any medicine. It cures and you are made a slave to the medicine. If you are affected in this manner, give it a trial as it will only cost you 25 cents, and should it not prove useful, the druggist will refund to you your money. For sale by all druggists. L. L. Elgin special agent Hopkinsville, Ky.

Mr. J. S. Cain and Mrs. Mary Brown were struck by a horse and slightly injured.

Dr. Bell's Pine Tar Honey is an important addition to the list of the world's most valuable medicines. Harmless in its nature, yet almost infallible in its action, it is undoubtedly the most efficacious means known to date of curing coughs, colds and kindred diseases.

Gov. Atkinson, of Georgia, is in trouble with the Southwestern Turf Association.

The old story of Prometheus is a parable. Prometheus was on terms of intimacy of gods. From them he stole fire and gave it to men. For this sin he was bound to the rocks of Mount Caucasus, and vultures were set upon him. They only ate his liver. This grew again as fast as it was pecked away. Are his sufferings to be likened to those of a diseased liver. Dr. Pierce's Golden Medical Discovery is more than equal to the vultures of dyspepsia and its kindred diseases. There is no cure for a diseased liver from dyspepsia than there is of hanging one's self. Sold by all medicine dealers the world over.

—FINE TAILORING. Have your clothes made, cleaned and repaired by Fowright the Tailor and Cutter. Recognized by the trade as one of the best up-to-date cutters in the profession. Suits made from \$20 to \$60. Pants from \$5.00 to \$15. Bridge street, opposite New Era office.

Mr. Wallace Kelly was twenty-one years old Sunday, and the occasion was pleasantly celebrated Monday evening. There was a large crowd of the popular young man's friends on hand, and they were elegantly entertained. Refreshments, including the substantial, were served and the evening was very happily spent by all present.

One year ago the Rev. Father Drury, a very talented divine, delivered a number of very able lectures in the Court House here. The great number who had the pleasure of hearing them, will be glad to learn that he will preach at the Catholic Church in this city Sunday morning next, at 10 o'clock and also at night. Also will lecture at Mayson's hall Monday, Tuesday and Wednesday nights, at 7:30 o'clock. The question box will be a prominent feature. All are cordially invited. Lectures free.

The Modern Way Commends itself to the well informed, to do pleasantly and effectually what was formerly done in the crudest manner and disagreeably as well. To cleanse the system and break up colds, headaches and fevers without unpleasant effects, use the delightful liquid laxative remedy, Syrup of Figs. Manufactured by California Fig Syrup Company.

William Davis was seriously cut by Steve Adkins near Mt. Vernon Sunday night. J. M. Adams, Agent.

Gladness Comes

With a better understanding of the transient nature of the many physical ills, which vanish before proper efforts—gentle efforts—pleasant efforts—rightly directed. There is comfort in the knowledge, that so many forms of sickness are not due to any actual disease, but simply to a complicated condition of the system, which the pleasant family laxative, Syrup of Figs, promptly removes. This is why it is the only remedy with millions of families, and is everywhere esteemed so highly by all who value good health. Its beneficial effects are due to the fact that it is the one remedy which promotes internal cleanliness without debilitating the organs on which it acts. It is therefore all important, in order to get the beneficial effects, to note when you purchase, that you have the genuine article, which is manufactured by the California Fig Syrup Co. only and sold by all reputable druggists.

If in the enjoyment of good health, and the system is regular, laxatives or other remedies are then not needed. If afflicted with any actual disease, however, may be commended to the most skillful physicians, but if in need of a laxative, one should have the best, and with the well-informed everywhere, Syrup of Figs stands highest and is the most largely used and gives most general satisfaction.

Crap Shooters Shot. News has reached this city of a shooting scrape between colored people in this county. During a game of craps near the school house at Oak Grove, Saturday night, a man named Davis was shot in the left leg near the groin and another by the name of Thacker was shot through the muscle of the left arm. Neither party was fatally hurt.
